SuperCup 2025 Almussafes Invitation

Dear friend,

We are pleased to announce the upcoming annual Supercup 2025 championship for radio-controlled motorcycles, a unique event in its category organized in collaboration with the Autet RC Club. The competition will take place on June 13th, 14th, and 15th at the Almussafes track (Valencia, Spain).

This year, the championship will be held in the Stock and Superbike (1/5 scale) categories, attracting drivers from across Spain and abroad who share a passion for RC bikes in a competitive, technical, and—above all—fun environment.

In addition to the on-track excitement, the event will feature support from well-known industry brands, who will provide gifts, promotional materials, and prizes for participants. A body shell contest will also be held, rewarding creativity and attention to detail in bike customization.

Registration fees:

- One category: €25
- Two categories: €40

Location:

The facilities are located in the Juan Carlos I Industrial Park in Almussafes (Valencia) (Southern Industrial Area, next to Ford Spain Factory).

CIRCUITO DE SEGURIDAD VIAL Y AUTOMODELISMO ALMUSSAFES
