ABOUT THE RACE

MARSHALING

Marshaling is mandatory (except for semi practices).

Marshall should be in place up to the **30 seconds** to the start of next heat.

If you can not Mrashall is **YOUR RESPONSABILITY** to find a replacement. **Failure to marshall** will result in the removal of the best qualify of the driver

Please marshall **immediately after your heat**. There is a right way to enter on the drivers' stand and also way out. Please respect it

MECHANICS

Max **1 mechanic per driver** in pit-lane.

Mechanics should **be fast to leave the pit-lane** after their drivers' heat.

RESULTS

Results of heats can be **appealed up to 15 minutes** after the heat finishes.

TRANSPONDER

The transponders to be used are exclusively MyLaps/AMB type.

Incorrect transponder number must be signaled before the race. We do **NOT** take responsibility for that.

RACE NUMBERS

A table with numbers will be provided. Check your name and the correct number

Each car must have correct number for the heat.

Cars with no number or incorrect number will immediately be black flagged from the race.

PIT AREA

You must bring table, chair, electric cables and light. We **RECOMMEND** you bring your mechanical tent and some gas heaters. **BE AWARE** that "*first come first served*" .

No booking for pit area. Arrange your spot with other drivers so all can have a spot in a tent.
